

MAINE WAS SWEPT
BY REPUBLICANS
BY 3,557 VOTES

The United Party Elected a Governor, Three or Four Congressmen and Got Legislative Majority to Elect a United States Senator.

VIOLENT OVERTURN
FOR THE DEMOCRATS

William T. Haines Defeated Governor Frederick W. Plaisted, Who Was a Candidate for Re-election --- Returns Are Nearly Completed.

Portland, Me., Sept. 10.—The political overturn in yesterday's Maine state election, in which the Republicans won back the governorship and secured three of the four congressmen and a sufficient majority on a joint ballot in the legislature to assure the election of a Republican United States senator, became more apparent to-day. William T. Haines, Republican, was elected governor by a plurality of 3,557 over Governor Frederick W. Plaisted, Democrat.

The vote, with 28 small towns missing, was as follows:

Haines, Republican, 70,072
Plaisted, Democrat, 66,515

The new state Senate will be made up of 22 Republicans and eight Democrats, with one district missing. The House will be composed of 72 Republicans and 70 Democrats, with nine districts missing.

The congressmen elected are:
First district—Asher C. Hinds of Portland, Republican.
Second district—D. J. McGillicuddy of Lewiston, Democrat.
Third district—Forrest Goodwin of Skowhegan, Republican.
Fourth district—Frank E. Guernsey of Dover, Republican.
Hinds, McGillicuddy and Guernsey were re-elected.

The Republicans claim to have won their victory for the head of the ticket by their attack upon the administration of Governor Plaisted. They declined to discuss national questions as the party leaders, many of whom are of Progressive sympathies, postponed any expression of a sentiment in favor of Roosevelt until after election. Some of them will take the stump within a few days against President Taft.

The Democrats went into the state struggle this fall on the defensive, having won control of the state government in the election of 1910. They based their campaign almost wholly on national issues, although defending their course in the state administration.

Progressives to Split Off.
The Progressive element of the Republicans was in full control of party machinery, but with the approval of Col. Roosevelt, a split was postponed until after yesterday's struggle. Many of the leading state speakers in the campaign, which ended with the election yesterday, announced last night that they were no longer in the Republican ranks, but would take the stump immediately for Colonel Roosevelt for president.

The Republican organization was able to bring out a greater vote for Haines in yesterday's contest than was given for Fernald, the party candidate who was defeated two years ago, while the Democratic vote for Plaisted showed a falling off from that of 1910.

The struggle in the four congressional districts was fully as interesting as that two years ago. In the first district, Congressman Asher C. Hinds, the only outspoken Taft candidate in the election, showed an increase in his vote of two years ago, and returns seemed to indicate his re-election over M. T. O'Brien, his Democratic opponent.

The fight in the second district was close but the returns indicated the re-election of Congressman D. J. McGillicuddy, Democrat, by a reduced margin over William B. Skelton, Republican.

In the third district, Congressman Samuel W. Gould, Democrat, who won two years ago, had apparently been defeated for re-election, on the face of the early returns, by Forrest Goodwin, Republican, while in the fourth there was another close fight between Congressman Frank E. Guernsey, Republican, and Charles W. Mullen, Democrat, with the first cities and towns heard from placing the former in the lead.

PRES. TAFT STAYED UP
GOOD PART OF NIGHT

To Hear Returns From Maine Election and He Was Much Pleased With the Result.

Beverly, Mass., Sept. 10.—President Taft was greatly pleased with the Republican victory in Maine. It was the best political news Taft has heard since he entered the White House, according to the president's friends. President

DYING MOOR
WAS CAUSE

Aeroplane's Drop Carried Two Men To Their Death

AT OXFORD, ENGLAND, TO-DAY

This Is the Second Double Fatality to English Army Corps in One Week
—The Machine Fell From Height of 500 Feet.

Oxford, Eng., Sept. 10.—The second double aviation fatality within a week occurred to-day to members of the army flying corps when Lieutenants E. Hotchkiss and C. A. Bettington were killed while flying past Wolvercote. Their motor appeared to stop, and the aeroplane fell from a height of five hundred feet. These two officers recently received flying certificates.

FRANCE THE WINNER.
Captured World's Aviation Championship at Chicago Yesterday.

Chicago, Sept. 10.—France won yesterday the world's aviation championship, driving a Deperdussin monoplane, took from America the James Gordon Bennett silver trophy without a contest. Not an American aeroplane rose from the ground in defense of the cup, won by this country from England last year. Deloyd Thompson, the only American aviator, who had withdrawn from the race up to the last hour, took a final glimpse at Vedrine's record and walked off the field.

Vedrine's time for completing the 124.8 miles over the 4.14-mile course was one hour 10 minutes and 56.8 seconds. His average time was 108.5 miles an hour. His only competitors were two Frenchmen, Maurice Prevost, also in a Deperdussin, who made the course in one hour 13 minutes and 10.82 seconds, and Andre Frey, in a Hanriot monoplane, who came down after making 23 of the 30 laps of the course, because of engine trouble.

Vedrine started before any of his competitors were out, and then rested in his hangar while the American contestants withdrew.

The only semblance of a race came hours after Vedrine had alighted, when Frey and Prevost ascended. Frey was soon overtaken by Prevost, who started two minutes later. At the 14th lap Prevost had left Frey far behind and at that time was only 32 seconds behind the time made by Vedrine. While steadily outdistancing Frey, he lost on the French champion's time until at the 23rd lap he was 73 seconds behind Vedrine.

The Aero Club America made every possible effort to defend the cup, said Major Reber, chairman of the contest committee of the Aero Club of America. "We sent offers to every aeroplane builder in the country offering \$10,000 for every machine that would attain something like 100 miles an hour. But we have not a machine that could come within 40 minutes of winning the race. There was not a ghost of chance from the start."

WOMAN'S BODY DUG UP.

And Autopsy Will Be Performed to Find Out Cause of Death.

New York, Sept. 10.—The body of Mrs. Rose Menschik Szabo, who met death in Greenwood Lake, N. Y., on July 16 while boating in company with Burton W. Gibson, her attorney, was exhumed yesterday from its unmarked grave in New York city cemetery, Jersey City. An autopsy will be performed to determine definitely, if possible, whether the woman was accidentally drowned, as reported at the time, or whether other causes contributed to her death. A superficial examination revealed no marks of violence.

The body which Gibson, as executor of the woman's \$10,000 will, caused to be interred without ceremony on July 19 under the name of Mrs. Ritter, by which she was sometimes known, was contained in a cheap oak coffin and was clothed only in a night gown.

Dr. Fritz Fischerbauer, the Austrian consul-general, who is seeking to have Gibson deposed as executor on the ground that false statements were made in the probating of the will, stated yesterday that he had sufficient evidence to warrant legal action.

The consul-general, who superintended the disinterment, yesterday declared that he had definitely established that Mrs. Petronella Menschik, Mrs. Szabo's mother, whose name is signed to a waiver of citation filed with her daughter's will, died in Austria two years ago.

"We are awaiting for the autopsy before taking any action," said Dr. Fischerbauer, "though our case is complete. To-day we received two cablegrams from our government stating that the birth and death certificates of Mrs. Menschik are being forwarded. Franz Menschik, Mrs. Szabo's brother, is about to start for this country. The possibility that Mrs. Szabo was murdered is such a serious matter, however, that we have decided to withhold pressing the conspiracy feature until the autopsy is performed."

Dr. Fischerbauer received yesterday from Sheriff Degraw of Orange county the affidavits of 15 witnesses at Greenwood Lake. Different versions were given, but all agreed that the boat was rocking violently.

The consul-general also has witnesses by whom he expects to prove that Mrs. Szabo, who could not read or write, it is said, knew that her mother was dead and had talked with Gibson on the subject. Mrs. Albert Stern, who lived in the same apartment house with Mrs. Szabo, helped to identify the body yesterday. Mrs. Stern said that four days after her death Gibson called upon her and sold to her for \$5 some of Mrs. Szabo's personal belongings.

Gibson professed to be gratified that the autopsy would be performed as it would "settle the matter once for all and stop all this talk."

GOOD SWIMMER DROWNED.

Harry L. Downing, Aged 13, Lost His Life at Plymouth, N. H.

Plymouth, N. H., Sept. 10.—Harry L. Downing, the 13-year-old son of Mr. and Mrs. Fred S. Downing, was drowned yesterday afternoon while in swimming with a party of boys in the waters of Baker's river, about a half mile above the town. Young Downing was a remarkably good swimmer for one of his years, and was not missed from among the other youngsters.

A youth from a bridge nearby, and who had been noticing the swimmers, called their attention to the fact that someone had been under water for some time. A quick investigation found the Downing lad near the bottom of the river pressed tightly to a log. It was impossible for the boys to reach their comrade even with the assistance of poles, and an alarm was given to some larger boys in swimming nearby.

The body was secured by Raymond Haley after the unfortunate lad had been under water for some fifteen or twenty minutes. The body was rushed to the Emily Balch Cottage hospital, but all attempts at reviving were futile.

The boy was a bright, cheery little fellow, popular among his playmates, and was a favorite among all his acquaintances. He was an attendant at the grammar school and would have entered it again upon its opening to-day.

RUTLAND MOTORMAN
PERHAPS FATALLY HURT

Charles McCarthy Fell Between Cars As He Was Changing His Position as Cars Were Moving.

Rutland, Sept. 10.—Charles McCarthy of Castleton, a motorman employed by the Rutland Railway Light & Power Co., was probably fatally injured yesterday afternoon when he fell between a flat car to which it was attached. He was seated on the flat car and in attempting to change his position fell between the cars. He received a double fracture of the skull, and it was decided that his only chance of recovery lay in an operation which was performed last night at the Rutland city hospital. His condition is critical.

HANCOCK FURNISHED BAIL.

Charged With Misrepresentation In Selling Stock in Casket Concern.

Rutland, Sept. 10.—C. A. Hancock, who was arrested in New Jersey on a warrant issued by State's Attorney B. L. Stafford and brought to this city on extradition papers, furnished \$1,800 bail before County Judge Horace M. Redfield yesterday afternoon for appearance in county court when wanted.

It is alleged that Mr. Hancock, whose home is in Canada, made misrepresentations to the extent of \$1850 in selling stock in a casket concern to C. W. Spencer of Rutland. B. M. Melton, attorney for the respondent, told the court this afternoon that the actual amount of cash involved was \$375 and that the balance was in notes which were being called in in order that Mr. Spencer might not have to pay them.

ALLEGED ABDUCTOR

FORFEITED BAIL

Harry E. Nolan Failed to Put In An Appearance In New York Police Court To-day.

New York, Sept. 10.—Harry E. Nolan of Washington, recently appointed secretary to the United States legation at Panama, failed to appear in police court to-day to place the charge of abducting 16-year-old Marion McVie of Newport News. The cash bail of \$1,000 was ordered to be forfeited, and detectives were dispatched to arrest Nolan. The arraignment was postponed until September 17.

Nolan was arrested on complaint of agents of the steamship line that the girl disappeared from the steamer, Jefferson. Shortly after their arrival here, the couple were located at a fashionable hotel, where they were registered as H. E. Nolan and wife.

STRUCK BY LIGHTNING.

Freighter Came into New York With Shattered Topmast.

New York, Sept. 10.—The freighter Bristol City of the Bristol line, came into port yesterday from St. Vincent, C. V. I., with a shattered fore topmast, as a result of an electrical storm at sea on Tuesday last. A bolt of lightning struck the mast, splitting it down for some distance and making the whole ship tremble.

The chief engineer was stunned and thrown five feet and the mate was rendered unconscious.

Neither was seriously hurt, although the mate was laid up in bed for two days.

MAYOR SCANLON A WITNESS.

Lawrence Executive To Testify in the Dynamite "Planting" Case.

Boston, Sept. 10.—Mayor Scanlon of Lawrence is one of the seven witnesses called before the grand jury to give evidence in connection with the investigation of the so-called Lawrence dynamite "planting" conspiracy. With one exception all the witnesses are Lawrence residents.

BANK MEN AT DETROIT.

American Bankers' Association Is Holding Convention There.

Detroit, Mich., Sept. 10.—Over two thousand delegates attended the opening session of the national convention of the American Bankers' association here to-day. After the convention heard the address of welcome, it planned to dispose of a number of formal reports of the various officers and then listen to an address by Robert Bonynge of Denver.

CONVERGE ON HARTFORD.

Republican and Democratic State Conventions Delegates Arrive.

Hartford, Conn., Sept. 10.—Delegates to the political state conventions, both Democratic and Republican, began to arrive to-day. The Republican convention will nominate a governor, lieutenant governor, secretary of state and state treasurer.

WOMAN SHOT
AT DANCE HALL

Festivities Near Fort Ethan Allen Ended By A Crime

JEALOUS RIVAL IS ACCUSED

Pearl Hooper, Colored, Was Dancing When She Was Felled By Bullet Under Right Arm—Say Victim Cannot Recover.

Burlington, Sept. 10.—Pearl Hunter, a colored woman, aged 20, was shot in the right side at Sam Franklin's dance hall on Weston's hill between Winooski and Fort Ethan Allen late last night, and Margaret Carter, also colored and aged 28, is accused of doing the shooting.

Eighteen couples were dancing in the basement hall of the Franklin resort when the shooting occurred. There were both colored and white dancers seated at the tables, arranged on one side of the room, and white and black men and women were drinking beer and whiskey. A violin and drum furnished music.

The Hooper woman was dancing with a colored man, witnesses say. Mrs. Carter was seated at one of the tables. While the merriment was at its height the gun shot was heard. Colored and white people then ran out a side door and to the front yard, which faces the main highway running between Winooski and Fort Ethan Allen.

The injured woman was taken in an automobile to the Fanny A'len hospital. The bullet entered her right side, below the arm. Last night surgeons endeavored to extricate it. The woman is expected to die.

Negroes, who frequent the Franklin resort, say that Mrs. Carter was mad with jealousy. Both women, they said, have paid marked attention to a certain man. The women have frequented Franklin's and other resorts daily and have had no known means of employment.

The injured woman has lived in the vicinity of the club for over a year. She came from Auburn, N. Y. The Carter woman's home is in Albany, N. Y. She has been in this state but a short time.

AGED MAN SUICIDE
FROM ILL HEALTH

John Nurse, Aged 88, Killed Himself By Shooting at Morrisville Yesterday Afternoon.

Morrisville, Sept. 10.—John Nurse, aged 88 years, who was living with his daughter and her husband, Mr. and Mrs. William Wallace, on Waban avenue, committed suicide by shooting yesterday afternoon at 3:40 o'clock. Mr. Nurse had been in poor health for some weeks.

\$4,000 FIRE AT WINOOSKI.

A Tailor Shop Burned Out and the Cause Is Not Known.

Winooski, Sept. 10.—Fire in the old Baxter block at 3 o'clock yesterday afternoon gutted the tailor shop of M. Goldberg and damaged the apartments over the store, causing a loss of nearly \$4,000, partly covered by insurance. The origin of the fire was probably due to gasoline used in cleaning a coat in the tailor shop. Mrs. Goldberg, who was in charge of the store while her husband was at Fort Ethan Allen, had just finished cleaning a coat and had perhaps hung it too close to the fire, or a match lying on the floor might have been ignited.

Those noticing the fire called to Mrs. Goldberg, who was upstairs, and she found it impossible to enter the store as the flames had gained such headway. A few minutes later, the front windows were blown out and the store looked like a furnace. The flames were shooting higher than the building before the fire department arrived. The firemen did excellent work in preventing the spread of the fire to the store of J. L. Devine next door. In 20 minutes they had the fire under control.

The flames had worked through the partitions to the rooms above the store occupied by Mr. Goldberg. There the greater damage was done by smoke and water. The partitions in all the rooms were torn out in places so water could reach the flames. Mr. Devine's jewelry store was chiefly damaged by water and smoke. He estimated his loss at more than \$1,000, upon which he carried \$800 insurance in the Bickok agency. On his household goods he had \$500 insurance and the loss is considerably more than this amount.

The block, one of the oldest in the village, is owned by Jule Mungoon, who estimates his loss at not less than \$2,000. This is covered by insurance in the T. S. Peck agency.

GOOD CROWD AT FAIR.

Bright Prospects of Early Hours of Day Brought Many to Northfield.

Northfield, Sept. 10.—There was a large crowd on the Dog River Valley fair grounds for the second day of the annual fair as the early hours of the day were encouraging. Special trains from Barre and Montpelier brought a very large number of people. Aviator Schmidt's machine was set up this forenoon, and if the weather conditions are favorable the aviator will ascend this afternoon.

FUNERAL OF TRAIN VICTIM.

Was Held From Badger Undertaking Rooms Yesterday.

The funeral of Alessandro Bazzoni, whose body was found on the Central Vermont tracks below Ladd street early Sunday morning, was held yesterday afternoon from Badger's undertaking rooms. Friends of the ill-fated man were present and the remains were taken to the Hope cemetery, where the interment was made.

STATE CONVENTION IN BARRE.

Sunday School Workers Will Assemble On October 23.

At a meeting of the local committee held in the Barre room of the Congregational church, at the call of the chairman, Rev. J. W. Barnett, definite plans were made for the entertainment of the coming state Sunday school convention.

According to the present arrangements the delegates who attend the convention will first be directed by the boy scouts and other organized societies of boys, to the Universalist church, where there will be registration and rest rooms. They will next be conducted to the Methodist church, where will be found the usual splendid Sunday School exhibit in the Sunday School room, and all of the day sessions Thursday and Friday will be held.

The Baptist church, close by, will be the headquarters for the elementary department. Samples of literature and plans for work with little children, hand work done by primary and junior children sent in from all parts of the state will be on exhibition in a class room in the Baptist church and all conferences for workers in this division will be held here.

Wednesday evening, the opening session of the convention will be held in the Congregational church. Thursday evening will be the largest and one of the most popular sessions—the annual rally of organized young people's and adult classes. Class colors and banners and mottoes will be in evidence and it is expected that most of the classes of the state will be represented. The address of the evening will be given by Mr. W. C. Pearce, of Chicago, the international leader for organized Bible class work. It is expected that the opera house will be needed for this session.

The homes of Barre will be open to a large number of guests and a royal welcome will be extended. The following men are to lead in the local preparation for this gathering:

Chairman of registration and entertainment committees, H. G. Woodruff, Associate chairman of registration, Rev. E. F. Newell.

Associate chairman of entertainment, C. S. Andrews.

Reception committee, Rev. George H. Holt.

Publicity committee, Rev. J. B. Reardon.

Decorations committee, Dr. and Mrs. O. G. Stuckney.

Music committee, Rev. Duncan Salmon.

EVENING DRAWING SCHOOL.

Year's Session Will Begin September 17 and Continue to May 1, 1913.

The sessions of the evening drawing school will be resumed Tuesday evening, Sept. 17th, at 6:30. The instructors will be the same as last year, Charles Pampier, Carlo Abati, Alex. Youngson and L. W. Bishop.

Mr. Pampier will be at the Matheson school building to receive registrations Sept. 12, 13 and 14, from 7 to 9 p. m., and Sept. 15 from 2 to 5 p. m., and who plan to attend the evening drawing school this year are requested to register on one of these dates.

Tuition will remain the same as last year, \$1 per month for elementary courses and \$2 per month for advanced courses; tuition payable in advance. To encourage regular attendance a rebate of one-third the tuition charge will be made to all pupils attending 30 per cent of the sessions. No rebates will be allowed, however, to students enrolling after December 1, 1912. The school will remain in session till May 1, 1913.

A considerable number of new casts have been purchased as well as additional equipment and it will be the purpose of the school this year to relate the instruction more closely to the needs of the granite industry and Mr. Pampier has been spending most of the summer working with this end in view. It is hoped that manufacturers will encourage their apprentices and other employees to attend the school in order that they may better fit themselves to become expert workmen, and any young men interested in drafting, modeling or carving are requested to confer with Mr. Pampier.

CROSBY GAVE RECEPTION.

Brattleboro Representative-Elect Thanks Friends For Support.

Brattleboro, Sept. 10.—Edward C. Crosby, representative-elect, gave a reception last night to his friends in the Brooks house, of which he is the proprietor. Fully 200 men attended and a buffet lunch was served. An orchestra rendered a concert program during the evening.

Mr. Crosby in thanking his friends for their support promised to work for the best interests of the town and asked the voters to feel free to come to him with suggestions concerning any measures in which they were interested. He was heartily applauded when he said that he should go to the legislature unpledged in any matter.

Though Mr. Crosby was elected on a Progressive ticket, much of his support came from the Republicans, as he has always been a member of that party. He is one of the influential business men of southern Vermont and heavily interested in trolley roads in this state and Massachusetts. It is conceded by the state press that he will probably be the Progressive leader in the House of Representatives this fall.

GOOD CROWD AT FAIR.

Bright Prospects of Early Hours of Day Brought Many to Northfield.

Northfield, Sept. 10.—There was a large crowd on the Dog River Valley fair grounds for the second day of the annual fair as the early hours of the day were encouraging. Special trains from Barre and Montpelier brought a very large number of people. Aviator Schmidt's machine was set up this forenoon, and if the weather conditions are favorable the aviator will ascend this afternoon.

FUNERAL OF TRAIN VICTIM.

Was Held From Badger Undertaking Rooms Yesterday.

The funeral of Alessandro Bazzoni, whose body was found on the Central Vermont tracks below Ladd street early Sunday morning, was held yesterday afternoon from Badger's undertaking rooms. Friends of the ill-fated man were present and the remains were taken to the Hope cemetery, where the interment was made.

EVERY ROOM
IS ASSIGNED

Goddard Seminary Starts the New Year With Large Numbers

FALL TERM OPENED TO-DAY

Main Building and the Thompson Memorial Structure Are Full—Work on New Building Will Not Be Completed Before Winter.

The fall term at Goddard seminary was opened this morning and the outlook for the coming year is encouraging. The attendance will in all probability equal that of last year, and by the winter term an increase in the enrollment is looked for. The winter term of the last school year was a record breaker for attendance, 170 students having their names placed on the enrollment book. All the students registered for the fall term have not yet reported to take up their studies, but Principal O. K. Hollister anticipates having classes, whose numbers will aggregate about 150 for this session.

Every room in the main building has been booked for students. The same can be said of the Thompson Memorial building. The new building, which is being erected at the rear of the main building, will not be completed before the winter and will not be placed at the disposal of the school until the opening of the winter term. With its completion the dining hall, to be removed to the new quarters and great facilities for recitation rooms will be had. A chemistry laboratory will be installed in the new building and recitation rooms for the advancement of the new course in domestic science will be placed at the disposal of the students desiring to pursue those studies. A few of the rooms in the new building will also be used for the increasing business department.

Football Call Issued.

A call was issued to the football candidates to-day and a good-sized number turned out for practice on the campus this afternoon. The squad will be in charge of Coach Kutz, who rounded out a championship team last fall. The team will undoubtedly be minus the services of Albert Gilman, who was elected at the close of the season last fall to lead the wearers of the red and white this fall. Gilman has signified his intention of attending an agricultural school, and Coach Kutz says that it will be at least a week before they will be able to pick the new leader.

The squad is without the services of a single man who played in its backfield last fall, but has enough promising material in view so that prospects are favorable. Bishop, Peterson, Root, Olsen, Carroll and LeBaron of last year's squad reported for practice. Merrill, who entered the institution in the winter term last year, is also a candidate. Merrill has had plenty of experience in football, having played for two seasons on the Somerville, Mass., high school team. He will be a valuable asset to the eleven. Before the week is closed Coach Kutz intends to have a squad that will number about fifty.

LOWER GRADES CROWDED
WITH CHILDREN

Although the First Day's Registration Was Somewhat Less Than One Year Ago—Total Was 2,422.

The first day's registration in the Barre public schools was 2,422, according to figures compiled by Supt. Roscoe to-day, the number being slightly less than one year ago. This decrease is partially accounted for by the failure of a number of high school students to return at the opening of the school year. The primary and lower grades are crowded, this condition being especially noticeable in the northern end of the city, at Brook street and the ward five building. For instance, in one room at the former building there are 67 pupils for one teacher.

The registration by buildings is as follows:

Spaulding	403
Mathewson	525
Church st.	197
Summer st.	197
Brook st.	200
Beckley st.	188
Ward five	205
Ayers st.	139
Lincoln	257

Total 2,422

Supt. Roscoe expressed himself as much pleased with the manner in which the schools started the year, as he had never seen a system where the pupils settled down to their work more promptly than they did in the rooms which he had time to visit yesterday. In the grades there are only twelve new teachers, and with a single exception all the new teachers are experienced in the profession.

At the Spaulding assembly hall last evening the first teachers' meeting of the year was held, at which every teacher was in attendance. The plans for the year were outlined by Supt. Roscoe and other remarks were made in connection with his assumption of the position of superintendent.

Bull Moose Meeting.

All who are interested in the Progressive cause are invited to a mass meeting in Miles' hall Friday evening, Sept. 13, to form a Progressive club and elect officers, and to do any other business thought proper. Per order of Progressive city committee.

Weather Predictions.

Fair tonight and Wednesday; moderate variable winds.
